Experienced Technicians that have current ASE A6/A8/L1 certifications or technicians with a minimum of 2 years of experience in engine performance repairs (verified by BAR) that complete the D&R classes are only required to take the Level 2 training to qualify for the State exam. If a technician has at least 2 years of experience in engine performance repair then they can take the D&R series course and the Level 2 Inspector training to qualify for both the Inspector and Repair license; total cost is \$1720.00.

Auto Service Systems recommends that all courses be completed for a technician with minimal experience in emission testing and repairs. All classes would cost \$2970.00.
